0417/12

Paper 1 October/November 2015

2 hours

Candidates answer on the Question Paper.

No Additional Materials are required.

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.

Write in dark blue or black pen.

You may use an HB pencil for any diagrams, graphs or rough working.

Do not use staples, paper clips, glue or correction fluid.

DO **NOT** WRITE IN ANY BARCODES.

No marks will be awarded for using brand names of software packages or hardware.

Answer all questions.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

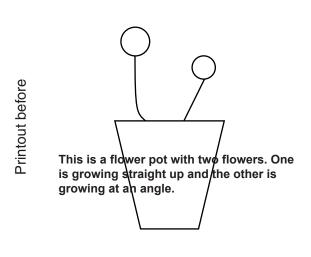

The syllabus is approved for use in England, Wales and Northern Ireland as a Cambridge International Level 1/Level 2 Certificate.

This document consists of 13 printed pages and 3 blank pages.

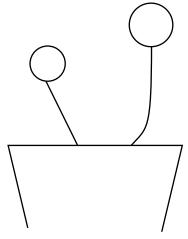

1 These printouts show a document before and after it was finalised.

Write down six editing techniques which have been used on the image and the text.

This is a flower pot with two flowers. One is growing

straight up and the other is growing at an angle.

2 For each use, tick the **most** appropriate type of application software.

| Use | Modelling ✓ | Database ✓ | Word processing ✓ |
|-------------------------------------|----------------|---------------|-------------------|
| Writing a letter | | | |
| Flight simulation | | | |
| Storing student records in a school | | | |
| Producing a business card | | | |

[4]

3 Tick the type of computer which would be **most** appropriate for each use of ICT.

| Use | Mainframe √ | Laptop ✓ | Desktop ✓ |
|--|----------------|----------|--------------|
| Entering data from a Biology survey while out of school | | | |
| Massive transactions which need the use of many CPUs | | | |
| Students who need to transport their computer from home to use in school | | | |
| Personal use with better performance at lower cost | | | |

[4]

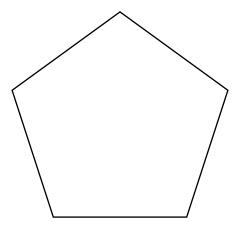

4 Tick the **most** appropriate method of implementing a new system for each company.

| Company | Parallel running | Pilot running | Direct changeover |
|---|------------------|------------------|----------------------|
| A company with several branches wishes to test the new system in one branch only. | | | |
| A small company that can only afford to spend a small amount of money on implementing the new system. | | | |
| If the whole system fails, the company wishes to return to the original existing system. | | | |
| A company that wants the quickest method of implementation. | | | |

6 A student wishes to use a floor turtle to draw this regular shape.

The pen is already lowered and does not need to be lifted. This turtle can only move in one direction and turn one way.

Give **three** instructions which the turtle graphics software could use to draw the shape. For each one, explain the meaning of the instruction.

10 A video shop owner uses a spreadsheet to calculate his costs.

This is part of the spreadsheet.

| | А | В | С | D |
|---|------------------------------|-----------------|--------------|------------|
| 1 | Book title | Number in stock | Cost price | Total cost |
| 2 | The Wolf Of Wall Street | 4 | \$18 | \$72 |
| 3 | Thinking Fast And Slow | 5 | \$17 | \$85 |
| 4 | Be Careful What You Wish For | 8 | \$15 | \$120 |
| 5 | The Fell Sword | 4 | \$20 | \$80 |
| 6 | Metro 2034 | 2 | \$15 | \$30 |
| 7 | | | | |
| 8 | | | Overall cost | \$387 |

| (a) | Give the cell reference of the cell that contains \$20. |
|-----|---|
| (b) | Give the number of rows shown in the spreadsheet. |
| (c) | Write down the formula which should go in cell D2. |
| (d) | Write down the formula which should go in cell D8. Make the most efficient use of a function |
| (e) | Explain why financial models are often used to predict future profitability. |
| | |
