0417/02

Paper 2 Practical Test

May/June 2010

2 hours 30 minutes

Additional Materials: Candidate Source Files

## **READ THESE INSTRUCTIONS FIRST**

Make sure that your **Centre number**, **candidate number** and **name** are clearly visible on every printout, before it is sent to the printer. Printouts with handwritten information will **not** be marked.

Carry out **every** instruction in each step.

Steps are numbered on the left hand side of the page. On the right hand side of the page for each step, you will find a box which you can tick  $(\checkmark)$  when you have completed it; this will help you track your progress through the test.

Before each printout you should proof-read the document to make sure that you have followed all instructions carefully.

At the end of the assignment put all your printouts into the Assessment Record Folder.

If you have produced rough copies of printouts, these should be neatly crossed through to indicate that they are **not** the copy to be marked.

You work for a company called Hothouse Design.	You are going to perform some clerical tasks for
this company.	

		✓			
1	Prepare an e-mail message to be sent to <b>design.h@cie.org.uk</b> which contains the subject line <b>June Copy 2010</b>				
	The body text of the message should include:				
	your name				
	your Centre number				
	your candidate number				
	the text Please send the files I need to work on.				
	Send this message.				
	You should receive the instructions that you need within an e-mail reply.				
2	Read the reply to your message and follow the instructions.				
	The URL which you will need is http://www.hothouse-design.co.uk				
3	Add to your e-mail address book a new contact with the name <b>Event Organiser XXXX</b>				
	Replace XXXX with your candidate number.				
	Use the e-mail address that you received in the e-mail reply.				
4	Save and print the entry in your address book. (This may be a screenshot to show that you have added the contact to your address book.)				

© UCLES 2010 0417/02/M/J/10

You	are now going to edit a document about Power Kite Sports.	✓					
5	Using a suitable software package, load the file J10KITES.RTF						
6	Set the page size to A4.						
7	Set the page orientation to portrait.						
8	Set the top, bottom, left and right margins to 2 centimetres.						
9	Save the document with a new filename to your work area.	$\Box$					
10	Set all the text to a sans-serif font.						
11	Set all the text to single line spacing.	$\Box$					
12	Set the alignment of all the text to be fully justified.						
13	Set the font size of all the text to 10 point.						
14	Place in the header:						
	your candidate number and your Centre number left aligned						
	the automated file name and path right aligned						
	Place in the footer:						
	today's date left aligned						
	an automated page number right aligned						
	Make sure that all the alignments match the page orientation and margins.						
	Make sure that headers and footers are displayed on each page.	_					
15	Make sure there is a blank line 10 points high after each paragraph and that the line spacing is consistent.	Ш					
16	Insert a blank line at the start of the document and enter the heading Power Kite Sports						
17	Make the heading centre aligned.						
18	Set the font size of the heading to 26 point.						
19	Add a subheading below the heading.						
	Enter the text <b>Draft Report by:</b> and add your name.						
20	Set both the heading and subheading to a serif font.						
21	Set the font size of the subheading to <b>14</b> point.						
22	Underline the heading.						
23	Make the subheading italic.						
24	Make the subheading right aligned.						
25	After the subheading format the rest of the document into two equally spaced columns, with a <b>1</b> centimetre gap.						
26	Delete the text A Brief history of kites and the paragraph that follows it Kites have been objects of interest taking away any bad luck they had been born with.						

				$\checkmark$		
27	Change the list of basic safety rules to be a bulleted list. Make sure the bulleted text does not have any blank line spaces between the items. It includes the text from:					
	Do not attempt to learn					
	to					
	Never fly attached to a fixed point!					
28	Insert a table with three columns an might want to take:	d six rows after the text Here are	e some courses you			
29	Enter the following data into the tab	le:				
	Learn to use your kite safely					
	Course	Level	Duration			
	Fly your first kite	Beginner	1 hour			
	Basic kite flying skills	Beginner	3 hours			
	Basic kite surfing techniques	Beginner	3 half days			
	Further kite surfing skills	Intermediate to Advanced	3 days			
30						
	Make sure the table fits within the calligned to the top of the cell if text is		eded. Make sure text is			
31		s wrapped.				
31	aligned to the top of the cell if text is	wrapped.  ows of the table to be centred an

		✓
46	Save this data in a form which can be imported into the document that you saved in step 36.	
47	Import this data into your document as a table after the paragraph which ends: Here are some small kites suitable for a beginner, some of which will still be suitable as you progress to intermediate skills:  Make sure that all required fields and their labels are fully visible and that there is one blank line above and below the table.	
	Save the document.	
48	Using the contents of J10INFO.CSV produce a vertical bar chart using all the data.	
	Insert this chart into the end of your document after the paragraph: The following chart indicates the growing popularity of kite sports;	
	Label the chart with	
	the title Kite Sports Popularity	
	category axis labels displayed in full	
	a legend to identify the years displayed	
	Place the graph in the document after the text Popularity of kite sports.	
49	Spell-check and proof-read the document.	
	Place page breaks, if necessary, to ensure that: <ul> <li>tables do not overlap two columns or pages</li> <li>bulleted lists do not overlap two columns or pages</li> <li>there are no widows</li> <li>there are no orphans</li> <li>there are no blank pages.</li> </ul>	
50	Save the document.	
	Print the document.	
51	Prepare an e-mail message:     to be sent to design.h@cie.org.uk     copied to kites.events@cie.org.uk     with the subject line Draft for Kite article	
	The body text of the message should include:	
52	Attach to your e-mail the document which you have been working on.	
53	Print a copy of this e-mail, showing clearly that the attachment is present.	
	Send the e-mail.
